LEPROSY VICTIM DIES

The body of Mrs. Lavinia Blackwell who died from leprosy Sunday was cremated at 6 o'clock Monday evening her relatives having expressed a wish that the body be disposed of in this manner. The house in which Mrs. Blackwell lived at 745 W. 25th street will be thoroughly fumigated by the city board of health.

Mrs. Blackwell lived with her sister Mrs. Josephine Coombs; daughter in law, Mrs. Lilly Gordon and an eleven year old grand daughter. Another home was recently found for the child Dr. C. S. Woods, city sanitarian, says there is little probability that those who lived with Mrs. Blackwell will contract leprosy, because the disease is only mildly contagious.

The woman had been ill since she came to Indianapolis, three years ago, but her disease was not diagnosed as leprosy until last December. Since that time, the house has been under quarantine, and the family has been supervised by the city board of health. An expert on leprosy was brought to the city from New Orleans some time ago to confirm the diagnosis of leprosy.

While it has not been determined definitely how Mrs. Blackwell acquired the disease, it is thought she might have contracted it from her husband who died many years ago in the south. She was sixty years old. Those who lived with her will be kept under observation by the health board for some time.

Her body was cremated at Flanner and Buchanan by her own wish and the decision of the family. The ashes will be taken to her home at Knoxville, Tenn., and buried on the family lot and a monument erected in her remembrance.

Lesson X.—First Quarter, For March 10, 1912.

THE INTERNATIONAL SERIES.

Text of the Lesson, Mark i, 29-45. Memory Verses, 40, 41—Golden Text, Matt. viii, 17—Commentary Prepared by Rev. D. M. Stearns.

The events of this lesson, the healing of the fever stricken and all manner of diseased people and spirit possessed people and the healing of a leper, are all samples of the kingdom which was at hand, but which did not come because they would not have Him. Verse 39 of our lesson summarizes it briefly, "He preached in their synagogues throughout all Galilee and cast out demons." It is more fully stated in Matt. iv, 23, "And Jesus went about all Galilee, teaching in their synagogues and preaching the gospel of the kingdom and healing all manner of sickness and all manner of disease among the people." It was predicted by the prophets that in the kingdom the blind would see, the deaf hear, the dumb sing, the lame leap as a hart, and no one complain because of sickness, for iniquity would be forgiven (Isa. xxxiii, 24; xxxv, 5, 6). It was also predicted that in the kingdom wolves and lambs, leopards and kids, calves and lions, cows and bears and little children would all live in peace together (Isa. xi, 6-9; lvi, 25). No one seems to expect these last mentioned things until Jesus shall come again, but many are wondering why they cannot be healed of all diseases even though the kingdom has not come. They ask often complainingly, "Is not the body as well as the soul included in the atonement?" Yes; the great atonement will reach the body, too, and in the resurrection these bodies of our humiliation will be fashioned like His glorious body, but till then we must wait patiently in strength or weakness, as He may in His infinite love and wisdom decide. Some are healed by His hand without a physician and some by His blessing upon the physician's skill and medicine, while some continue in weakness, and many are passing out from the mortal body. The truly devout soul says under all circumstances, "Even so, Father," and rejoices in the perfect will of God.

Our lesson verses 29 to 31 tell of His going from the synagogue to the home of Simon and Andrew, where Simon's wife's mother lay sick of a fever. He took her by the hand, rebuked the fever, and immediately she was well and ministered to them. Compare the ministry of angels in verse 13. Think of Samuel as a little boy ministering to the Lord (1 Sam. iii, 1) and let all our service be "unto the Lord" and "before the Lord." Possibly more might be healed if He saw that they would minister unto Him, for He is seeking in every way to bring people unto Himself that He may fill them with His fullness (Ex. xix, 4; 1 Pet. iii, 18).

Verses 32 to 34 tell of all manner of diseased and demon possessed people being brought to Him to be healed, and it is written here and in the parallel accounts in Matthew and Luke that He laid His hands on every one of them and healed them (Luke iv, 40); that He cast out the spirits with His word and healed all that were sick, that it might be fulfilled which was spoken by Isaiah the prophet, saying, "Himself took our infirmities and bare our sicknesses" (Matt. viii, 16, 17; Isa. liii, 4). If they had only received Him as their Messiah the Lord would have made bare His holy arm in the eyes of all the nations, and all the ends of the earth should have seen the salvation of our God (Isa. liii, 10), but because He is still the despised and rejected one of Israel we continue in faith and patience to wait for His return. He needs no testimony from His adversaries, so He suffered not the demons to speak even though they said, "Thou art Christ, the Son of God."

Lesson verses 35 to 39 tell of His early morning praying a great while before day, having gone off to a solitary place. Since He felt the need of being away from even these few disciples that He might the better commune with His Father, how can we know much of real communion with God in the constantly busy life that so many lead? It is true that we can pray to God anywhere and at any time, but see how He went away alone. Simon and the others found Him and told Him that people were looking for Him; then He said: "Let us go into the next towns." "I must preach the kingdom of God to other cities also." We must not forget that "the field is the world" and our orders are, "Go ye into all the world." The four lepers of Samaria should put us to shame with their words: "We do not well. This day is a day of good tidings, and we hold our peace" (II Kings vii, 9). Our lesson chapter closes with the record of a healed leper who published and blazed abroad the fact of his being healed so widely that Jesus had to stay away from the cities, and the people came to Him from every quarter. He is still the same Jesus, full of compassion as when He said to that leper, "I will, be thou clean," and as quickly as the leper was healed (immediately) just as quickly can a sinner be saved. Without money and without price He gives eternal life to all who receive Him. The strange thing is that those who profess to have been saved by Him have not the zeal of this leper nor gratitude enough to tell others the glad tidings.
